POULTRY.
I like the sprightly robin;
He's a pleasant bird to see,
But the scintillating chicken
Will look plenty good to me.
—Detroit News.

Men like the little "chicken"
Who trips upon the stage;
She makes the heart beats quicker,
And seems to be the rage.
—Birmingham Age-Herald.

The chicken of the chorus
May be right up on the job,
But a happy thrill comes o'er us
When we look upon a squab.
—Milwaukee Sentinel.

But squabs may be grandmothers,
You never can tell when;
The youngest thing, my brother,
Is the chorus is a wren.

BIG DOCTORS BILL
Man With Sore Feet Spends \$700.00 on Them—A True Story
Vouched for by Levensgood & Strickler, druggists of Latrobe, Pa.
Here is one of the greatest testimonials I have ever heard.
George Umoltis from Atlantic No. 2, a coal plant near here bought two packages of EZO, and in about three or four weeks he came in and told me that he wanted to have it advertised, and said I am willing to pay all charges, because I want the people to know how good it is. He told me that for seven years he hadn't stood on his feet, he spent \$700 for doctor bills, and he only used one package of EZO, and can run and jump like a boy. He was all smiles about EZO." J. Jas. Wood & Son sell EZO, a refined ointment for sore, aching, weary feet for 25c a jar.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.

Socialism was decisively repudiated in the recent municipal elections in Milwaukee and in two Montana cities. This leaves Schenectady as the only city where socialistic experiments are being tried out.

Critics of the Underwood bill to tax incomes in excess of \$5,000 enjoyed by "persons, firms and co-partnerships with respect to the carrying on or doing business," raise the point that wealthy idlers or retired multi-millionaires would escape the impost on the ground that they are not doing business.

A bill is pending in Congress providing for a new Industrial Commission to inquire into the general condition of labor in the principal industries in the United States, the relations between employers and employees, methods for adjusting labor disputes, and other matters connected with the industrial situation.

According to the New York Tribune, the twelve countries having trade unions organizations have a total population of more than 347,000,000, but the total number of trades union members in them is only a trifle more than 10,000,000. In the United States they are only thirty in the thousand of population.

It strikes the American Economist as queer, while there are many people who regard the appearance of domestic manufacturers before a Congressional committee to defend their interests as immoral and demoralizing, the same people can discover no impropriety in foreign manufacturers and importers doing the same thing.

The testimony of an official of the Federal Sugar Refining Company of New York before the Senate Finance Committee developed the fact that the "sugar trust" wants free sugar. The witness admitted that the company which he represented "was paying for the free sugar propaganda and was a leading advocate of the measure." The witness also "agreed with the Republican members that enactment of the bill would wipe out the entire domestic production of sugar."

Referring to the scheme of Representative Lindbergh, of Minnesota (who is a native of Sweden) to abolish the United States Senate and the office of Vice President, the New Orleans Picayune says: "Representative Berger, the Socialist member from Wisconsin, who has already offered a resolution to abolish the United States Senate, is a foreigner, born in Austria-Hungary. Thus it is that the foreigners, who are gradually taking charge of the country, will teach the ignorant and Barbarian Americans what sort of a governmental system they should have."

Hon. Sereno E. Payne, who agrees with many opponents of the free sugar bill that it is in the interests of the "sugar trust," says: "The most foolish thing I have seen yet, is this Democratic notion that you can give the people cheaper sugar by making sugar free. Every scrap of expert testimony before the Ways and Means Committee went to show that the only effect of free sugar would be to increase the price. I would predict that two years after the operation of the Democratic free sugar bill, sugar would be two cents a pound higher than it is now."

The San Francisco Chronicle well says that the surest way to get cheap sugar is to encourage the beet sugar industry.

One of the new Democratic United States senators from Arizona, Henry F. Ashurst, who is a "Progressive Democrat," showed the quality of his statesmanship when after his election he made a speech in which he severely criticised the Senate and the courts, and threatened to put up all kinds of drastic measures to Congress.

The New York Journal of Commerce says truly that public sentiment in this country is losing sympathy for labor organizations and growing impatient of strikes which interrupt important industries, interfere with transportation and disturb business. It is no longer simply a matter of disagreement between particular employers and their workmen; other rights and wrongs than theirs are involved, affecting a vastly greater number of people. It believes that sooner or later organizations which are not consistent with the rights and safety of the community will be made subservient to law.

Returning from Washington Tuesday to attend a conference at Lexington, Dr. J. N. McCormack, president of the State Board of Health, announced that the Department of Agriculture at Washington, the Department of Agriculture of Kentucky, the Live Stock Sanitary Board and the State Board of Health of Kentucky are planning to make the territory in Kentucky from Louisville to Mt. Sterling, and the Ohio River to the mountains, the Blue Grass section of the State, the greatest dairy producing section in America.

In accomplishing this work the State Board will have the assistance of the National Board as the National Department of Agriculture has promised to send to this State a number of its veterinarians to inspect the dairy herds of cattle. The examination of the dairy herds would be put under the Live Stock Sanitary Board as the result of a conference to be held at Lexington.

Think of the possibilities of the millions of acres of blue grass pastures, all devoted to the most modern dairy farms and the breeding of high-class cattle and dairy products?

Foolish Philosophy.

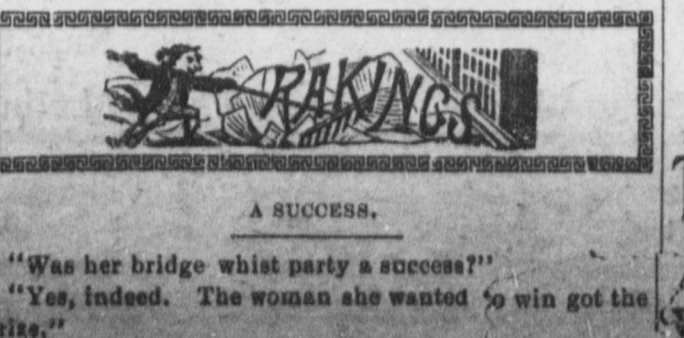

Before I die I hope to see a house with an oak finish upstairs. Many of the better houses have an oak finish downstairs, but I have never seen one with an oak finish upstairs.

Every man who has strong, worthy qualities comes to the front; but many of the best women are buried in homes, and are never heard of.

We are all compelled to do a great deal of marching, but the victorious soldier has an easier time of it than the soldier smarting from defeat.

A great deal goes on the people never hear of until the explosion comes.—Ed Howe.

When a man is accused of a sensational offense, he tells reporters that when the proper time comes he will talk in a manner that will cause everybody to sit up and take notice, and the guilty to take to the woods, but usually when the proper time comes, all he says is not guilty.

In one year from the present time Portsmouth and fronton will be connected by traction line, says The Portsmouth Blade.

Postponement Costly

Baseball postponements due to rain, have cost the big league clubs nearly \$200,000 thus far this season. Figuring on an average attendance of 6,500, the 48 unplayed games mean that the clubs are shy receipts from 312,000 persons or \$200,000.

Confederates Accept Invitation of Grand Army to Join in Big Gettysburg Observance

MAON, GA., May 8th.—The United Confederate Veterans, in annual reunion here today, accepted an invitation to join with the Grand Army of the Republic in the semi-centennial in 1913 celebration of the battle of Gettysburg. The invitation came in a letter from General Timble, Commander-in-Chief of G. A. R.

Other features of the day were the selection of Chattanooga, Tenn., as the next convention city and the crowning of Miss Mary Scandrett, queen of the reunion, before a crowd of 20,000 persons assembled on Colman's Hill. The big features of the reunion will take place tomorrow when a Commander-in-Chief will be elected and the veterans will march in their annual parade. Colonel Bennett H. Young of Louisville, Ky., will probably be elected to fill the place of the late General George W. Gordon.

A WOMAN'S GOOD LOOKS

Depend on her general health and freedom from pain. Many a woman looks old before her time because of the irregularities which are essentially feminine. Starting from early womanhood, she suffers from frequently recurring derangements that upset her womanly health. If she be beautiful she grows into that mellow age without wrinkles and crowfoot about the eyes or the blue circles underneath. It is invariably the rule that such women suffer little, if not at all, from womanly derangements which sap the health and leave in the face the tell-tale story of pain and suffering. Dr. R. V. Pierce, the famous specialist in the diseases of women, found a prescription in his early practice that soothed the organism peculiar to womanhood—oiled the machinery, as it were, of the human system—and helped the woman to pass those painful periods that scar-lined and aged her face. This remedy became the well-known Dr. Pierce's Favorite Prescription, that has benefited thousands of women and saved them from misery and suffering at different periods in life.

Mrs. HANNAH E. FRANK, of 244 Bright Street, Sarnia, Ont., writes: "I am now a well woman after suffering for three years and doctoring with several different doctors, each one saying it was something different, and the last one, after putting me through a thorough examination, said I was suffering from a growth, which, in time, would result in cancer, and said I would not live more than two years if not operated upon right away. I became hopelessly discouraged but would not consent to the operation as I was too weak and too much afraid, but at last, through the advice of a friend, I tried Dr. Pierce's medicine, and after using two bottles of the 'Favorite Prescription' I immediately felt a change. I also used two boxes of 'Healing Suppositories' and 'Lotion Tablets,' and can safely praise the name of Dr. Pierce's medicines to all who suffer from any female disease, for these medicines are all they are claimed to be, and I hope will help others as they have helped me."

WHEN WOMEN ARE PALE

Health Glow Better Than Rouge

Women are pale and feel compelled to resort to cosmetics to give their complexion a "natural" color will be pleased to know a better way.

Pallor is caused by poor, thin blood—nothing else. If your blood is as rich and red as it ought to be, the skin will have that ruddy hue of health so much desired.

Miss Clara Wohlers of Brooklyn, says "My blood became thin and poor last spring, making me pale and nervous. I had heard that Vinol was a splendid thing for this condition so I began using it and received great benefit. It has restored my healthy color and made me feel well again. Vinol is an excellent tonic."

We say positively that there is nothing like Vinol to enrich and purify the blood, and build up weak, rundown people. The taste is delicious and even children like to take it. You can use Vinol without any risk for we guarantee it to be satisfactory and pay back your money if it is not. J. C. Pecor, Drug-gist, Mayville, Ky.

GEN. ROGERS IN WINONA

He and His Wife Will Spend the
Summer at the Home of
Mrs. Browning

Winona Republican Herald.

General W. P. Rogers of the United States Army and his wife have come to Winona to spend the summer and are guests at the home of Mrs. Nancy Browning, 165 West Fourth street, the mother of Mrs. Rogers. It has been several years since the last long visit of General Rogers to Winona, this having been shortly after his return from several years service in the Philippines, where his bravery won for him deserved recognition.

General Rogers is retired from active service now and spends most of his time in Washington. Last summer he and Mrs. Rogers, accompanied by Miss Kate Browning of this city made a European trip, spending several months in a delightful tour on the continent, returning to Washington in the early winter.

Both General and Mrs. Rogers have a large circle of friends in Winona, who will be glad to learn that they are to make an extended stay here.

Mrs. Rogers is a niece of Dr. A. G. Brown of this city.

ATTENTION, MEN!

Let McNamara make your Spring Suit. I represent E. W. Price & Co. of Chicago, the strongest line of made-to-measure clothes in the world at popular prices. They specialize on suits made as you want them from \$15 to \$25. Others must pay \$30 to \$40 for the same. This is the only house in the United States strong enough financially to control its own patterns, thus assuring you against being uniformed. Aside from the staples, no two patterns alike. Men, this line is a revelation. Remember, we dry clean; others try.

HEAT K. OF P. CIRCUS TODAY AND TONIGHT

This is circus day, a day that brings forth all the reminiscences of our youthful days. Long before 6 o'clock this morning there was a large crowd in attendance at the railway yards where the Sun Brothers long train of railway circus cars were being detained.

There was much that was interesting to see, especially in the manner in which the wagons were brought down the incline or runs. After each wagon was detained, it was at once rushed to the show lot where active preparations were started for the day's exercises.

The first interesting sight down at the show grounds was the assembling of the cook, house or culinary forces. A bunch of bustling cooks under the direction of the steward, Howard Martin, late of the Gilsey House, New York City, soon had the various appetizing dishes under way and by 7 o'clock the 170 people of the show sat down to good food and a meal as can be found anywhere. The menu for this morning's breakfast consisted of bacon and eggs, beef steak, fried mushrooms, oatmeal, German fried potatoes, stewed apples, tea, coffee and milk. It is needless to say, that the men and women with the show did full justice to the tempting viands, as the open-air life creates an unusually heavy, healthy appetite.

By 9 o'clock the big tents and the animal annex were in position and ready for business.

The show makes no street parade.

The Sun Show is a good one all the way through. The performances are of the best. The music is good. The attendants and managers all vie in trying to please the patrons. Another thing about this outfit, there is no crooked work of any kind.

No games or cheap, short changes. The management makes a special feature of eliminating anything of a purple character.

The show will again present its big program at tonight's performance and the assurance is given that there will be no curtailment.

IN MAYSVILLE

THE EVIDENCE IS SUPPLIED BY LOCAL TESTIMONY.

If the reader wants stronger proof than the following statement and experience of a resident of Maysville what can it be?

Mrs. Della Lunsford, 328 E. Front street, Maysville, Ky., says: "Doan's Kidney Pills completely and permanently cured me of kidney complaint and I am glad to confirm all I said in 1908, when I publicly endorsed them. I attribute my kidney trouble to a strain which started with sharp shooting pains through my kidneys, and a dragging down feeling through my hips. I was afflicted regularly with dull headaches and dizzy spells, and often if I had not caught hold of something for support I would have fallen. I was in that condition for several years, up one week and in bed the next. I finally began to notice the symptoms of dropsy, and in a short time I was suffering from this trouble. My feet began to swell and my hands also were afflicted at times in the same way. At night I was restless and always felt tired. I read of a similar case being cured by Doan's Kidney Pills, and I got this remedy at Wood & Son's Drug Store. They relieved me so much from the first that I got another supply, and before long I was entirely cured. Doan's Kidney Pills saved my life."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Fifteen Thousand Barrels of Pure Goods in Storage

The H. E. Pogue & Co.'s Distillery located a short distance West of the city limits, is one of the biggest concerns of the kind in the state, and its product, known for its excellence, purity and tone is sold in every state in the Union, besides a large export trade.

The product now stored in the several immense warehouses is placed at fifteen thousand barrels, and the value of same is estimated at \$450,000. The distillery is seldom shut down and gives employment to a large force. The money paid to Mason county farmers for good corn runs way up in the thousands of dollars.

Dunham of Dover Lands a Big One For the Metropolitan

Agent Everett Dunham, a Dover boy, now with the Metropolitan Life Insurance Company in charge of the agency at Corbin, is rapidly coming to the front as one of the successful business getters in the employ of this big concern.

The Corbin agency has written during the past month one \$50,000 policy and several of \$5,000 amounts.

As a \$50,000 life insurance policy is worth going after, it will be seen that "Dunham of Dover" is getting there quick, and he now draws pay commensurate with hustling work. He began under Assistant Superintendent Toy in this city and all will congratulate him on his success.

Latest News

Today is circus day and fine weather.

At Macon, Ga., the Confederate veterans in their final session elected Bennett H. Young of Louisville Commander for the next year.

Secretary of State Knox, at Los Angeles, takes the hide off of T. Roosevelt and declares he is the confronting danger of the Nation.

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, the dull feeling may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pepsin.

It is a liquid laxative- tonic, mild, and never gripe, is effective on robust people and can be given with safety to an infant. Children like it because of these gentle qualities and because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver and bowels, and many people like R. H. Morgan, Price, Tenn., and Mrs. H. C. Davidson, Wartburg, Tenn., say they would as soon be without the necessities as without Dr. Caldwell's Syrup Pepsin.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
